

Cumulative index, *European Science Editing*, 1986–1996, Nos. 27–59

European Science Editing, ISSN 0258-3127, is published by the European Association of Science Editors and issued three times a year (February, June and October) [four times a year from 2001]. It is free to members of EASE and is available on annual subscription to libraries and other non-members. See www.ease.org.uk/easesubs.html for details, or contact the Secretary, Georgianna Oja, Nyyrikintie 14 A 1, FIN-33540 Tampere, Finland; e-mail ease@pp.inet.fi, Web site www.ease.org.uk.

This cumulative index was published in February 1997. Indexes for 1997 onwards have also been published, with volume numbers rather than issue numbers, and are available at www.ease.org.uk.

Note: Titles of articles are listed in the index in “quotes”. Titles of books and periodicals are in *italics*. Books are entered by short form of title only. (B) stands for book by; (BR) for book review on; (E) for editorial; (L) for letter from; (M) for meeting report by; (P) for problem set or answered by; (R) for book review by. Section headings, advertisements, notices of courses, and the contents of “The editor’s bookshelf” and “Forthcoming events” are not indexed. Numbers refer to bulletin number, followed by page number(s). Bulletins nos. 27–29 were published in 1986; nos. 30–32 in 1987; nos. 33–35 in 1989; nos. 39–41 in 1990; nos. 42–44 in 1991; nos. 45–47 in 1992; nos. 48–50 in 1993; nos. 51–53 in 1994; nos. 54–56 in 1995; and nos. 57–59 in 1996.
